CU BE

Easycube, search for perfection in a simplified, homogeneous and aesthetic format.

Unleash your creativity and discover an exciting world of branding possibilities. Easy Cubes are made with interchangeable cover, which gives them a dynamic and aesthetic appearance.

They are covered with swappable finishing covers, giving it a trendy look. Transform your exhibition modules into totally new and modern styles.
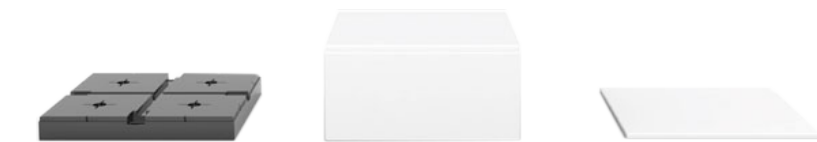

HOW — — DOES IT — WORK?

Quality is the key word of Easy Cubes, made in Belgium from solid and durable materials, they are easy to clean and ensure reliability and resistance.

Easy Cubes are only composed of 3 intuitive pieces. with fast assembly and lightweight materials. They are extremely easy to use compared to traditional fastening systems.

The assembly is done in just a few minutes. Interchangeable parts make it easy to use, maintain and reconfigure your displays.
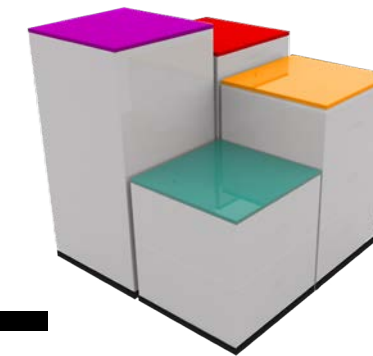

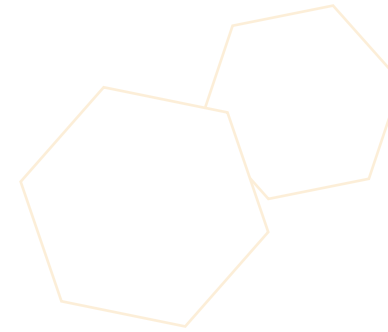

CREATE — — YOUR BOOTH —

Choose the cover color, the cube color

Add design option

Design your booth

Step 1

Install the base

Step 2

Put them together

Step 3
